**NORWAY AND VICINITY.**

Norway and Western Railroad.

C. H. Conroy of Boston is busy interviewing people along the line of the proposed road. If \$50,000 of the stock can be placed locally, the road will be built.

None of the stock to be paid for until road is in operation.

The second proposition is for a stock subscription of \$25,000 and to build the road to Rice's Junction this season and later on to build through to East Stoneham.

At a town meeting held in Waterford last Saturday—the meeting being called for other purposes—railroad matters were discussed and it seemed apparent that Waterford as a town would vote to take a portion of the stock, may be ten thousand dollars of it, and if Norway would take a like amount individuals would take the balance and the road to Rice's Junction would be assured.

There are many advantages even if the road should go only to the Junction. It would get out eight miles heavy teaming and permit one to get to the Junction from East Stoneham, where now they get to Norway but twice per week, and it would save wear and tear of highways in Norway.

There are many other advantages where a steam road is preferable to horses.

**Found Dead in Bed.**

Alvin T. Upton, who has made his home with his sister, Mrs. Wendell Wheeler, for over a year, was found dead in his bed, Monday morning. He had been in poor health for a long time, but was seemingly as well as usual when he retired the night before. The doctor pronounced it heart failure.

Mr. Upton was the oldest son of the late Eben and Lydia Bancroft Upton of Albany. His age was seventy years, six months and nine days. The funeral was held at one o'clock, Wednesday, at the home of Wendell Wheeler on Alpine St.

Thursday, the remains were taken to Albany, for burial in the family lot in Long Cemetery, accompanied by his brothers, John Upton and Wendell Wheeler, and nephews, Ralph and Geo. Wheeler. Rev. Mr. Brooks officiated.

**"Taking stock,"** at B. F. Spinney & Co's.

Rev. B. S. Rideout will preach before the Odd Fellows at North Waterford, Sunday, May 2d, at 2:30 o'clock in the afternoon.

Norway Lodge, I. O. O. F., will work the 3d degree next Tuesday evening on eight candidates of Norway Lodge and Mr. Mica Lodge of South Paris. An invitation has been extended to Harrison Lodge to be present. The work will be followed by a banquet and a cordial invitation is extended to all Odd Fellows to be present.

The plague of lice in children's heads at the Upper Primary school has become unbearable. Children have been sent home with a request to their parents to free them from the pest by no effort, so the Superintendent has ordered that infested pupils be barred from the school until they present a certificate of cleanliness from the Board of Health or family physician.

The Sophomore class of the Norway High school was pleasantly entertained, Friday evening, April 23d, at the home of Rev. and Mrs. B. S. Rideout on Main street by Edith Rideout and Marion Smith. Various games were played and refreshments were served. A picture of the class was taken by Mrs. Light. It is to say that this class spent the evening together in the same as saying that the occasion was greatly enjoyed by all.

Friday evening, April 16th, was a gala time with the Knights of King Arthur of the Congregational church. A banquet was served by the young men in appropriate manner and met the inner needs of the boys, which is saying a great deal. The guest of honor was Assistant Attorney General C. P. Barnes of Norway. The King, Carl Leighton, was unable to be present much to the regret of all. When sufficient attention had been paid to the banquet, the toastmaster, Rev. B. S. Rideout, called upon Mr. Barnes, who responded to the toast, "The Knights of King Arthur." The speech was replete with anecdotes, reference to history, wit and humor, all of which delighted the young men. No one present could have gone out from the delightful occasion without a more manly spirit and purpose. Many of the boys also responded to appropriate toasts and the occasion was voted the best yet held by this Castle of the K. O. K. A.

The H. O. K. A. Improvement League met at the schoolhouse April 24 and the following officers were elected:

NUMBER 18.

TIMOTHY SMITH

Who for almost a half century worked at the Elm House, Norway, Me.

He is now taking things easy and enjoying life in Lewiston, but his permanent home is in this town.

Norway High School 12; Gould Academy 1

The weather man is certainly unkind to the ball tossers. However, in spite of the wind and the cold, those who were at the Fair Grounds, Saturday afternoon witnessed a very interesting game between Norway High School and Gould Academy.

The first four innings went quickly with the men out in one, two, three or four, for the most part. In the first half of the fifth again but three batters faced Haskell.

Then trouble began—Klein, the first man up for Norway, got a clean single center. This followed by a series of errors, and a balloon ascension by Gould and when they finally reached earth again Norway had crossed the plate seven times and clinched the game.

In the sixth Robinson replaced Brown in the box. Aided by his three errors in as many minutes, and by those of his team-mates as well as by timely hitting, Norway added five more runs to her score.

Neither team scored in the next two innings.

Stevens, who was to have pitched for the High school, met with an accident a few minutes before the game was called, so Haskell went into the box, Frost taking his place at second, and Pike going to right field.

Haskell pitched a fine game, allowing but six scattered hits, and was given splendid support.

The features of the game were, the sharp fielding of the high school team, Frost's batting, the cheering of the girls, and—Gould's errors. The score:

A new industry in town is the 20th Century Writing Ink manufactured by the Norway Manufacturing Co. This ink is warranted not to fade, thicken, corrode or rust pens.

The pupils of the seventh and eighth grades had a sociable consisting of a box supper, entertainment and games at the G. A. R. hall, Thursday evening, April 22d.

Mrs. Florence Faneus purchased a new piano last week and sold the one she had before. The new one has the Cecilian piano attachment. The new piano was placed in the Starbird boarding house.

The State Conference of Congregational churches will meet at Oxbow, this Mills, May 4-6. It is expected that the State Conference will meet with the Norway church next year.

Lyman Scribner of Springfield came to visit his sister, Mrs. O. N. Bradbury, two weeks ago and was taken sick with the grip. This with a heart trouble made the sickness quite serious. He is now improving.

In regard to the efficient brigade work done on Brown street on Patriots' day, the work was confined to a few residences at the lower end of the street. The rest fell fully competent to look after their own grounds.

O. M. Cummings hitched up John A. Woodman's and E. W. Sanborn's horses this week. They make a well matched span. Their color and markings are so much alike that it suggested the idea of hitching them up together.

Services at the Center church, Norway, will begin Sunday, May 9th, at 2:30 o'clock. It is earnestly desired that every family in the region round about will be represented. The Sunday school will be organized at the close of the preaching service.

## Norway Municipal Court.

April 24th, State on complaint of W. A. Bicknell vs. William Linnell, unlawful possession. Respondent was represented by M. L. Kimball, esq., and pleaded not guilty. Found guilty and sentenced to pay a fine of \$100 and costs taxed at \$12.45 and sixty days in jail, and sixty days additional for non-payment of fine and costs. Appealed. Held for May Term Sup. Judicial court in \$200 bonds with Mary Linnell and Geo. W. Hobbs, sureties, State, same single sale. Discharged for lack of sufficient evidence to convict.

Three seizures of intoxicating liquors same day by the same officer. Hearings May 5, 1909.

Oxford Co. Holstein Breeders Organize.

Men interested in Holstein cattle met Tuesday, April 27, at Grange hall, Norway, and organized the Oxford County Holstein Breeders' Association. They voted that on this date each year they would observe the anniversaries of the society. As is well-known this breed of cattle originated in Schleswig Holstein and are valued both for their milk and beef.

This is the second association in the State, the first being at Corinna. It was brought about through the efforts of the State Dairy Instructor, Leon S. Merrill of Solon, and is formed for the purpose of promoting the interests of the Holstein breed of cattle. The following officers were chosen:

Pres.—Benj. Tucker.  
V. Pres.—C. E. McIntire.  
Sec.—Fred Weston, Orlinfield; M. R. Wilbur, Harrison; C. A. Bonney, Sumner; E. L. Porter, Paris; Ira Harriman, Oxford; E. J. Hobbs, Norway.

It was voted to hold the first regular meeting in June at the farm of Ira Harriman, Fore street, Oxford, and the meeting will probably be held at the farms of the different members in the summer season at least. This will be profitable and interesting for they can better observe the different herds and methods of the members in that way.

A Lively Discussion.

The following question was discussed by goods eight and nine on Friday afternoon: Resolved that slavery was an evil and that the North was right. Leaders on the affirmative: Richard J. Sides, Sarah E. True; negative, Clayton E. Heath, Marion E. Haskell.

After the above named had spoken the question was opened to the house. Those speaking were: Harold V. Churchill, Cyril W. Foster, Kate Ward, Pearl M. Foster, Clifton Cameron, Bessie E. Brown, Earl Stearns, Eula K. Bicknell, Marion E. Gibson, Samuel Klain, A. M. Andrews, Roland S. New, Mrs. Marie A. Clark, H. V. Stevens, Horace H. Schanz, William H. McDaniel, Lillian G. Powers, Alma E. Shepard, Aura B. Cook, Charlie N. Clark, Philip E. Foss, Harry S. Lasselle.

The question was selected by grade eight who invited the other class to debate it. It was their first experience and showed that the two classes were capable of good work along this line. The different speakers based many points of their arguments on the facts, quoting freely from the Constitution. By popular vote the affirmative side won. It was an interesting and profitable session.

Norway Grange.

Norway Grange held their regular meeting Saturday, April 24th. They had a good attendance, and after the regular routine of business, conferred the first and second degrees upon a class of eight.

The ladies voted to have a potato contest, seeing who could get the most by planting six potatoes, the money to be turned over to the treasurer to help on the new hall. A vote was also carried to have a holiday box, all who would, to put in as many pennies as they were years old, the money to be used toward furnishing the new hall.

The third and fourth degrees are to be conferred at the next regular meeting.

It is expected that State Master Stetson will be with us at our next meeting, and give us a talk.

The next meeting, May 8th, is to be an all-day meeting, commencing at half past ten, degrees conferred in the forenoon and a harvest treat with a program in the afternoon.

John Upton called at G. E. Grover's, Tuesday.

Dr. and Mrs. H. P. Jones entertained the Brunettes at dinner, Friday evening.

The men's class of the Universalist church are to have a banquet the middle of May.

Mrs. Horace Cook and Miss Jewett visited Dr. Annette Bennett at Augusta, Saturday.

Simon Grover and family spent Sunday with their son, Charlie, and family in Oxford.

Florence Rideout, who is attending Bates college, will spend next Sabbath at home.

Hortense Gardner Gregg of Exeter, N. H., is visiting her mother, Mrs. Jennie C. Young.

Abner Jackson has made repairs on his property, the Steep Falls store building, during the past week.

Rev. Hervey H. Hoyt, State Superintendent of the Universalist church, was in town this week.

James Pledge has begun work on a house on Winter street, on the lot nearly opposite his residence.

Eugene Andrews was at Bethel, Saturday, to see his father, E. D. Andrews, who is ill with heart trouble.

Robert York is suffering badly with a trouble with his eyes. He is being treated by an oculist in Lewiston.

H. Knox Bickford, N. H. S. 1908, has been chosen captain of the Shaw's Business College baseball team.

Byron Tuttle of Rumford Falls, driver of the Bryant Pond and Rumford Falls stage was in Norway, Tuesday.

The Norway Universalist Sunday school will celebrate its 75th anniversary with special exercises June 6th.

The remains of Mrs. Prudent Bedard were taken from the tomb and buried in the cemetery at Lewiston, Saturday.

Ernest W. Hutchins, night watchman, to move his household goods here from Exeter, N. H., and go to house-keeping.

## Odd Fellows' Anniversary Service.

Rev. Mr. Ward welcomed the members of the Lodge, the Encampment and the Rebekahs. The Church reads the fraternal and the reform workers, and these need the Church. The Church exists to quicken the soul into life, and the living soul must apply that life to some of a multitude of ways, each per- haps needing its organization for those whose hearts have been called to that work.

As this was the observance of the 50th anniversary of the Order in America, Mr. Ward referred to the history of the Order, saying that its lessons illustrated the principles in his text, I. Cor. xiii: 13, "And now abideth faith, hope, love, these three, but the greatest of these is love."

Odd Fellowship as we know it, though of foreign birth, is of American development in form and work, and as such has deservedly attained world wide favor.

There is a tradition that it originated in the camp of the Roman army in 55 A. D., was named Odd Fellows by Titus Caesar in 79 A. D., entered Spain in the fifth century, Portugal in the sixth, France and England in the twelfth century. Others refer to its origin as the Visigoths and Vandals.

Many Odd Fellows doubt these traditions, yet doubt not that in substance the Order is really ancient.

Its ideals were first embodied in some extent in the Social Guilds of the Teutons and English of the middle ages. These differed from the Builders' or Trade Guilds, though being of the common people associated for social and benevolent benevolence. Kindred to these were the Brotherhoods like the "Brotherhood" of St. James, founded in London in 1375.

The immediate predecessor and perhaps the direct ancestor of the Odd Fellows was the Antient Order of the Order of Bucks. Through the 18th century it was the chief rival of Freemasonry in England. It disappeared between 1780 and 1820, during which time the Odd Fellows appeared, having a strikingly similar but improved constitution. The leading Grand body of this Order in England is the Manchester Unity of Odd Fellows which was organized in 1813.

The Independent Order of Odd Fellows observes April 22 as Founders' day, for on that date in 1819, Washington, D. C., was "self-instituted" by five residents who had formerly been Odd Fellows in England. Although Shaker lodge was similarly instituted in New York City in 1806 and a lodge was started in Boston in 1818, each of these were unknown to the other. Washington lodge became the parent body of the Order in America and its Noble Grand, (Thomas Wilsey, for whom the Encampment in Norway is named) was also Grand Master of the first Grand Lodge, that of "Maryland and the United States," organized Feb. 7, 1821, and Grand Master of the Grand Lodge of Kentucky, 1821.

Thomas Wilsey proved a successful organizer of Grand Lodges in other states. Baltimore is still the home of the Order. In 1870 the Grand Lodge of the United States became the Sovereign Grand Lodge.

The first Encampment charter was granted for an encampment in Baltimore, May 13, 1827. The first Grand Encampment was established in Maryland, Dec. 31, 1831, with Thomas Wilsey as M. W. D. at worthy Grand Patriarch. The Rebekah lodge was established in 1851 and mainly due to the work of the Hon. Rev. John C. Smith, the first lodge was instituted in this State was Maine Lodge, No. 1, at Portland, Aug. 25, 1843. Norway Lodge, No. 16, has the distinction of being the first lodge in the State to confer the degrees in their present improved form.

There are now about 25,000 members in Maine. At last reports 1,814,445 was the total membership of the Order. These are largely in the United States and Canada. In 1899 there were in the hall of the Sovereign Grand Lodge whose jurisdiction has encircled the globe. The last report gave the annual expenditure for relief at \$5,112,998, and reported an income of \$4,300,000.

The Order has grown from its humble beginnings despite the suspicions of the State and the condemnation at first of the Church, to its present prominence by its merits. Its history is replete with good works and noble deeds. It is the large, beautiful Odd Fellows' Homes in many states. The Order has endured and grown because of its three principles. Paul says "And now abideth faith, hope

### NEEDFUL KNOWLEDGE.

**Norway People Should Learn to Detect the Approach of Kidney Disease.**

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches, and the legs, thighs and knees swell. When little fish are eating, it is often spelled out by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Norway proof:

Otto Schruer, living on Main St., Norway, Me., says, "I have no hesitancy in giving my name to be used as an endorsement of Doan's Kidney Pills. I used them and they cured me of a severe attack of kidney trouble several years ago. I have applied to their use on occasions since when I have felt that my kidneys needed a tonic and this remedy has always given me prompt relief. Other members of my family have also used Doan's Kidney Pills with excellent results, and I hope any person suffering from kidney trouble will procure this remedy from Stone's drug store, and give it a trial."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and no other. 17-18

### Call of the Stream.

It's pretty tough to have to work a river on a fishing boat. To be led to stay in town. When little fish are biting, the man whose nerve is out of whack, should pull up his fishing rod and find a place to lodge.

Work, though it is not rest and light, is really quite appalling. One is not right down to it. When little fish are calling, it feels like having up his hands and taking for vacation. A job or fishing all the time on one fishing vacation.

When figures run around the page and make his head grow dizzy. He wants some way to join the gang. And with the line get busy. And so he frets and stew around and every hour keeps wishing that he could chuck the blasted boat and put his time in fishing.

And at the same time, he is not a happy man. An air of dejection wears. Quite savagely he kicks the cat and does some quiet swearing. If he is crossed in little things, he grows and rubs like a fish. For who could labor and keep sweet when little fish are biting?

**Let Us Try It.** "Don't sit round with hanging lips—Try to get a better grip. On the work before you. Put some vigor in those words. When you meet a neighbor, throw your trouble to the winds; get right down to labor. And you'll notice every day that things are coming right your way. Stop your kicking and get a hold. On the wheel and turn it. You can never load cash. Less you try to earn it. But the cowboys from your eyes, keep your mind running. Ah! you'll notice that your skies wear a silver lining. If you laid the nerve to try, sneak away somewhere and die."

**\$100 Reward, \$100.** The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. GIBNEY & CO., Toledo, O. Sold by Druggists, and is Take Hall's Family Pills for constipation.

**ELECTRIC SEPARATOR.** Simple Apparatus Quickly Separates the Cream From the Milk. It is now possible to separate cream from milk by the employment of electricity. The process consists in passing an electric current through the milk to be treated, the passage of the current causing the separation of the cream from the milk.

The apparatus necessary is shown in the illustration, the invention of a Kansas City man. The milk is poured into the funnel at the top, and drops through the tube on to the inclined chutes, arranged one above the other. Current is supplied from adjacent storage batteries. On its passage down the chutes the milk will alternately be subjected to positive and negative current, causing the rapid separation of the particles of cream.

The milk and cream will finally drop into the receptacle at the bottom, the cream collecting upon the surface, where it can be readily removed by skimming. The inventor claims that the alternating current is preferable, effecting a quicker separation of the cream than can be obtained by currents passing in one direction.

**Prepotency of the Sire.** About the most reliable basis of calculation as to the power of transmission, or, as it is called, prepotency of the bull, is the dairy character of the grandmothers and great-grandmothers on both sides of his pedigree. He is the stored up result of what lies back of him. The quality of his ancestors will have more effect on his offspring than the performance of his mother. She gives to him of what she inherited more than of what she does. She may be rich in inherited qualities and yet for some reason be herself only an ordinary performer. Baron Schrewe.

**Genuine Cream Cheese.** Genuine cream cheese is made from a rich cream thickened by souring or from sweet cream thickened with rennet. This is put in a cloth and allowed to drain, the cloth being changed several times during the draining, which requires about four days. It is then placed on a board covered with a cloth, sprinkled with salt and turned occasionally. It is ready for consumption in from five to ten days.

**Honey Sweets.** Cakes and candies with a flavor and delicacy all their own may be made with honey as the principal ingredient. Here are recipes for some of them:

**Honey Nougat.**—Put half a pound of strained honey and white sugar, or into a saucepan over a slow fire. Cook until brittle when dropped in cold water. Beat the whites of three eggs to a stiff froth and whip into the honey mixture. As it begins to cool add a little extract, preferably lemon or orange, or, better still, the fruit juice, and a pound and a half of almonds blanched and broken into small pieces. Mix thoroughly and spread on oiled paper. When cold cut into strips or bars.

**Honey Cream Candy.**—Into a granite saucepan put one-half pound of sugar, one cupful of strained honey, one-half cupful of thick, sweet cream and a dessertspoonful of cold water. Stir well together and set aside for an hour. Then place over a moderately hot fire and cook until quite stiff. Pour into buttered plates and when it is cool enough to handle pull and break into pieces.

### TABLE NAPKINS.

An Amusing History of This Very Indispensable Article.

Curiously enough, the table napkin, now deemed almost indispensable, was first used only by children and was adopted by elder members of the family only about the middle of the fifteenth century. In etiquette books of an earlier date, among other sage pieces of advice for children, are instructions about wiping their fingers and lips with their napkins.

It seems that the tablecloth was long enough to reach the floor and served the grown people in place of napkins. When they did begin to use napkins they placed them first on the shoulder, then on the left arm and finally tied them about the neck. A French writer, who evidently was conservative and did not welcome the napkin kindly, records with scorn:

"The napkin is placed under the chin and fastened in the back, as if one was going to be shaved. A person told me that he wore his that way that he might not soil his beautiful curls."

It was a difficult matter to tie the two corners in the back, and it is said that these original napkins, "Hard to make both ends meet?" This custom led to the habit shown by waiters of carrying a napkin across the left arm.

Napkins became popular in France sooner than in England. At one time it was customary at great French dinners to change the napkins at every course, to perfume them with rosewater and to have them folded a different way for every guest.

About 1050 Pierre David published a "Maistre d'Hotel," which teaches how to wait on patrons properly and how to fold all kinds of table napkins in all kinds of fancy shapes.

The shapes were square, twisted, folded in bands, in the form of double and twisted shells, single shell, double melon, single melon, cock, hen and chickens, pigeon in the basket, partridge, pheasant, two capons in a pie, hare, two rabbits, sucking pig, dog with a collar, pike, carp, turbot, miter, turkey, tortoise, the holy cross and the Lorraine cross.

**A NEW SOCIETY.** The Prevention of Cruelty to Parents Organization.

"I'm going to form a new society—a society for the prevention of cruelty to parents," said a young matron. "Everybody and everything is protected nowadays—children, horses, dogs, cats, immigrants—but parents aren't looked after. They are left to fight their own battles. And the unkindness of some children! I lately visited—well, never mind the name, but they're young married people, and the husband's old father lives with them. He's a dear old man, but a little slow and deaf and fussy, as old people have a right to be. And the way that old man was poked into corners made me boil!"

"I know a lovely old woman who lives alone, her children—four of them—scattered far and near, pursuing their own aims and thinking that they are very filial if they write their mother once a fortnight. I declare, it makes me admire the wisdom of an old bachelor I know. Some one pitied him because he was growing old, but he said philosophically, 'but I'd rather be childless than to have, like some people I know, children who go their own ways and leave their parents alone in their old age.'"

**How Babies Are Dressed in Italy.** This photograph of an Italian child about six months old shows the way in which all Italian babies are wrapped round with a kind of bandage many yards long, their arms and legs being so tightly bound that they cannot move them. The Italian women

say that if they were not bound thus the children would not grow up straight. A Strand writer adds, "In a small village I visited about forty miles from Genoa, among the mountains they were most astonished to see an English baby without any of these extraordinary wrappings."

**Honey Sweets.** Cakes and candies with a flavor and delicacy all their own may be made with honey as the principal ingredient. Here are recipes for some of them:

**Honey Nougat.**—Put half a pound of strained honey and white sugar, or into a saucepan over a slow fire. Cook until brittle when dropped in cold water. Beat the whites of three eggs to a stiff froth and whip into the honey mixture. As it begins to cool add a little extract, preferably lemon or orange, or, better still, the fruit juice, and a pound and a half of almonds blanched and broken into small pieces. Mix thoroughly and spread on oiled paper. When cold cut into strips or bars.

**Honey Cream Candy.**—Into a granite saucepan put one-half pound of sugar, one cupful of strained honey, one-half cupful of thick, sweet cream and a dessertspoonful of cold water. Stir well together and set aside for an hour. Then place over a moderately hot fire and cook until quite stiff. **The Farmer Needs a Bank Account as Much as Any Other Business Man.**

THIS BANK is for everyone, not for the rich alone but also for those who have only a little and are striving to make more.

We want the business of young men, of business men and especially do we want the accounts of the farmers in this section of the state. To no one is a bank account more of a protection or convenience than the farmer. Our dealings will always be as liberal as safe banking will permit. The farmer who carries a balance with us during part of the year will thus establish a credit that will be worth much to him if he can make more money by borrowing at other times.

**FARMERS** try keeping a bank account at THIS STRONG NATIONAL BANK and find out for yourselves how safe, convenient and easy it is.

# The Heart Can't Stand Rheumatic Acid Poisoning

## The Urto-O Treatment Expels the Poison From the Blood.

Those sharp, shooting pains through  
the chest around the region of the heart  
mean that poisonous uric and rheumatic  
acid are there ready to spring and grip  
tightly the muscles controlling the  
heart's action. Don't neglect these  
warnings. You must neutralize and  
drive these dangerous poisons from the  
system, or sooner or later they will over-  
come you.

The only true way to cure Rheumatism  
is to get it from the inside with Urto-O.  
It acts with marvelous swiftness  
upon the muscles, kidneys and blood.  
Cleans out the acid-like deposits in the  
muscles, forces the kidneys to perform  
those duties for which they were de-  
signed and neutralizes the acid within  
the blood.

Urto-O is a liquid taken internally, 3  
times daily, and does not contain any  
morphine, opium or other s-called  
"pain destroyers." Sciatica, Muscular,  
Inflammatory and Articular Rheuma-  
tism all yield readily to Urto-O.  
Sold at Noyes Drug Store for 75c and

J. H. Barrows.

The funeral of J. H. Barrows was held

at Bethel Thursday afternoon, April

22d, under the auspices of the Masons.

Rev. J. H. Little of South Paris of-

ficiated. Mr. Barrows died Tuesday at

the Eye and Ear Infirmary at Portland.

He was born at Greenwood in 1833.

Early in life he became identified

with the manufacture of chairs and con-

tinued this business up to within a year

of his death. He was actively engaged

in business during his entire life,

and many years ago made chairs at

Soer's Falls, in Paris, and later was for

some 26 years at West Paris in the same

business.

He went to Bethel in 1886, and estab-

lished the Bethel Chair Co., with which

he continued to be connected until Jan-

uary, 1908, when he retired and since

then he has not engaged in active work

of any kind.

Milton York of Kansas is the guest of

friends here.

Mrs. Anne Rowe Burbank's funeral

was held Wednesday afternoon at Gar-

land chapel, and Rev. W. C. Curtis of-

ficiated. Mrs. Burbank was born in

Bethel in 1833.

Mothers' Day.

Responding to the call of that mother

love which has its sacred shrine in every

human breast and that needed only the

magic touch of a gentle woman's fingers

to quicken it into active being, the pa-

trition will, on May 9, the second Sunday

of that month, unite in paying tribute to

motherhood. In churches of every

creed and in homes both humble and of

high degree expression will be given to

the noblest form of human love.

Everywhere the white carnation, ap-

propriately selected as a symbol of the

day and its meaning, will be in evidence

and the millions who thus obey the in-

junction laid down in the decalogue will

pay involuntary tribute to the woman

whose love for her mother was the in-

spiration which gave birth to a move-

ment that has spread all over the land

and bids fair to go around the world.

Anna Jarvis of Philadelphia is the

founder of Mother's Day, the first ob-

servance of which was held last year.

Alone and unaided, Miss Jarvis began

the work of setting aside each year a

special day for honoring the mother.

She had no thought of the fact that the

movement would reach beyond the confines

of Philadelphia, but devoted her efforts to

having the day observed in that city.

But she had unwittingly touched a most

responsive chord, and its music has now

become a swelling chorus.

Origin of the Grapefruit.

The grapefruit, or shaddock, is a na-

tive of China and was first brought to

the West Indies in 1810 by an English-

man, Capt. Shaddock, for whom the

fruit was named. The date of its first

introduction into this country has not

been recorded, but it was regarded at

first as of no value as a fruit, being

regarded more as a curiosity and used as

an ornament.

It is of the orange family, but its bit-

ter taste was objected to, and this has

been modified by cultivation, so that it

has in recent years come into general

use as a valuable dessert fruit, especially

for eating in

**Committed Suicide.**

The citizens of this vicinity were greatly shocked, Tuesday morning, to hear of the suicidal death of Thomas Lurvey, an old and respected resident, and prosperous farmer. His home was on a farm a mile or two from West Paris village on Curtis Hill.

His wife, to whom he was very much devoted, died some eight or ten years ago. After a while he secured Nellie Bicknell as housekeeper. He was about 63 years of age. His health was not of the best which made him feel discouraged, and he was subject to spells of despondency.

Monday afternoon he went to the village and got a plough point and was planning to help F. L. Wyman, one of his neighbors, do some ploughing Tuesday, and had the plough loaded in his cart ready to start.

He arose early Tuesday morning and went to the barn. Miss Bicknell thought he was gone an unusually long time so went to discover the reason and found him hanging by a rope tied around his neck out of an upper barn door, the other end of the rope being fastened to a beam inside.

Mr. Lurvey has one daughter, Mrs. E. B. Davis, of South Woodstock and a sister, Mrs. Alvina Dennen, of West Paris. He was a member of Franklin Grange. The funeral services were held at his late home this Thursday afternoon at 1 o'clock p. m. Rev. Mr. Brooks of Norway preached the funeral sermon. Interment at West Paris cemetery.

Mrs. E. W. Penley is quite sick and has a trained nurse from Lewiston.

Mr. and Mrs. L. F. Willis took a carriage drive to Waterford last Friday.

B. F. Turple and family have moved into Elmer Hammond's house at Trap Corner.

D. L. Day and family of Jay Bridge are spending several weeks here with relatives.

Mr. and Mrs. Lester Penley of Berlin visited relatives here a few days the first of the week.

Mrs. Lucella Morton of South Paris has been visiting her son, Clarence G. Morton, and family.

Rev. and Mrs. W. H. Young have been making Mr. Young's mother, Mrs. Anna C. Young, and other relatives a visit.

Harry Parker and family have gone to Auburn and Ora Marston and family have moved into the rent vacated by him.

The Paris Mfg Co. lost a valuable horse last week. He was found in the stable with a broken leg and had to be killed.

Rev. Olaf Tandburg of Berlin, N. H., filled the pulpit at the Universalist church in the absence of Miss Macduff, Sunday.

Rev. Seth Benson went to South Woodstock, Thursday forenoon, to attend the funeral of Moses M. Russell, who died from the effects of a shock Tuesday morning at the home of his son, Edwin F. Russell. Interment at Bryan's Pond.

Dr. O. K. Yates was taken sick last Thursday with pneumonia. Dr. Littlefield of South Paris and Dr. Bradbury of Norway have been in attendance with Dr. Wheeler. He has a trained nurse from Portland. He has been very sick but the case is a hopeful one at this writing.

James H. Barrows, a former resident and prominent business man of this place, was brought here for interment in the cemetery beside his first wife, Mary Fuller Barrows, from his late home in Bethel last Thursday afternoon, accompanied by about eighteen members of the Bethel Masonic lodge and a few relatives. They were met here by twenty members of Granite lodge of West Paris, and escorted to the grave, where the Bethel lodge performed the burial service of the lodge.

The Cherry Blossom sale at the Universalist church last week was quite a success. The tables both fancy and dining were decorated with white crepe paper and sprays of pink cherry blossoms and very pretty and attractive. The supper was well patronized, after which games were played. One very interesting game deserves mention—18 questions were asked, the answers to be found on the two faces of a common American cent.

Auction at the residence of the late Alphonso Moulton, South Harrison, Saturday, May 8th at 10 o'clock a. m. Moving machine, horse rake, wagons, house hold goods etc.

## John Houghton of Houghton.

The death of John Houghton occurred at the home at Houghton, Thursday, April 22. He had recently suffered from pneumonia. He was about 83 years old. He had been twice married and leaves two daughters by his first wife. His home town was named in his honor.

The deceased leaves two daughters, Helen, who kept house for him and Florence who is a teacher in the Hyde Park (Mass.) schools, also five children: Frederick Abbott, Wm. Abbott and Ryder Abbott, all of Byron; Mrs. Lyman Smith of Canton and Mrs. R. B. Stratton of Rumford.

The funeral was held at the home in Houghton at 2 p. m. April 23.

The passing from this life of Mr. Houghton removes from this section a man of more than ordinary ability and one who, although not a resident of Rumford, had been closely identified with its development.

He had been for years a trustee of the Rumford Falls Trust Co. and was interested financially in other business enterprises in town.

For many years he was post-master at Houghton and also treasurer of the town of Byron.

## Has Been Promoted.

C. R. Keniston, son of Mrs. Granville P. Green, Bridgton, a Lovell born boy, has been promoted from his position as instructor on the Maine Central to general air brake instructor on the Grand Trunk Pacific. Mr. Keniston's resignation went into effect April 15 when he left the present position and will take up his new quarters at Winnipeg, Manitoba.

Mr. Keniston was born in Lovell, May 11, 1884, where he received a common school education, this being supplemented by a Correspondence School course. He entered the employ of the Maine Central as fireman March 3, 1898, working as such until 1907 when he was promoted to engineer. June 16 of the same year he accepted the position of air brake instructor which position he has filled with great success.

He also served as chairman on the joint protective board of the Brotherhood of Locomotive Engineers and Firemen.

He is an example of what a young man can do, equipped only with a common school education, who makes an honest effort to succeed.

S. B. Stuart of North Harrison will sell at auction, Saturday, May 1, at 10 o'clock a. m., household goods and farming tools, wagons, sleds, harness, etc., D. M. Stuart, auctioneer.

A Jolly Party.

It was a jolly party that filled the pleasant rooms of Mr. and Mrs. D. O. Grant's home and enjoyed their hospitality on Thursday evening of last week, the occasion being a whist party in honor of their son Dana. There were five tables filled. The prizes were won by Elden Goodwin and Eva Fiske, first, the boobies falling to Roy Brown and Rena George. After refreshments of ice cream and cake were served, a social time was enjoyed listening to the selections from the phonograph, and the reading by Earl Brown was especially pleasing.

Chas. Farrington of Mechanic Falls, was in town, Saturday.

Mr. and Mrs. D. B. Grant and son, were in Bethel, Saturday.

Mrs. James Crooker and son Harold, were in Lewiston, Saturday.

Mrs. Herbert Crooker is visiting her mother, in Massachusetts.

Mrs. Alice Farrington is entertaining her aunt, Mrs. Collis of Gloucester.

Alice King returned Monday, from a visit with her sister in Massachusetts.

**Look at the Difference**

6 GALLONS DEVCOE 6 GALLONS OTHER PAINT

One-third of the paint-money goes for the paint, two-thirds for the painter. It all goes by the gallon; look out for the gallons. The least-gallons paint is Devcoe.

**Fewer Gallons or No Pay**

Paint half of your house with any other paint; paint half with Devcoe. The other-half paint will take the most gallons; if not, we will make no charge for Devcoe.

**Wears Longer or No Pay**

Here's another offer—Paint half of your house with lead-and-oil; the other half with Devcoe lead-and-zinc.

In three years the lead-and-oil half will need repainting, while the Devcoe half will be about like new.

If not, we will give you the paint for the whole house.

Mock Trial.

The Mock Trial by members of the Division S. of T. at their lodge room on Thursday evening is certainly deserving of comment. The libellant was Mrs. Lillian Parrott who brought action against her husband, Edwin J. Parrott, for absolute divorce, the charge being cruel and abusive treatment.

The judge was George Hazen, a member of Oxford bar and it is needless to say that he interpreted the five points of law in a masterly way, but also umpired the game in an impartial manner.

The lawyers, Harry Andrews for the prosecution and Alton Delano for the defense, were a likely pair and acquitted themselves in a creditable manner. Lawyer Andrews showed himself a master of the art of cross examination and back in the chair for the opposing witnesses, but in spite of his skill and increasing exertions, the witnesses managed to wiggle out and turned the laugh on him. The jury composed of three women and three men was a more intelligent looking lot than is often seen in the jury box.

John W. Chadbourne, our agent for the prevention of cruelty to animals, had charge of the jury and John kept his eagle eyes upon them every minute, to the effect that they didn't go to sleep. The witnesses for the prosecution made a most favorable impression. The spectators remarked on their neat and tidy appearance and their testimony was given unhesitatingly, why even the women were not satisfied in answering yes or no but were willing to tell all they didn't know.

At the close of the testimony for the prosecution the spectators sat back in their chairs with satisfied grins of approval as much as to say, she has won her case and I am glad of it. But there are always two sides to a question and this proved no exception. When the bunch of witnesses for the defense testified and gave their testimony it changed the complexion of the case in a manner to make the court, jury and spectators gasp with horror.

They were the most cheerful liars that ever graced a courtroom. And even the venerable judge, a lawyer himself and a hero of many just such hard fought battles, had to blush for some of the truths told, and at close of trial complimented the witnesses for their lively imaginations.

Why, one of the witnesses for the defense swore he was looking through two inch steam pipe twenty feet long, filled with steam, and saw the defendant give his wife a \$20 bill to appease her anger so that she would not hit him with a fist.

After each witness had testified and the lawyers had argued for and against, it was evident the jury was in a most deplorable condition. Another hour of the tortuous and the male members of the jury would have been in a state of utter collapse. The judge, however, was merciful and took them to a fatherly and soothing manner, partially restoring their appetite for comprehension.

The judge's charge was a masterpiece of the art lawyer's have of saying much and meaning little. He carefully noted and explained the nice points of law and told the jury that if the preponderance of evidence favored either victim even so much as by the weight of a hair they should render a verdict for the other side.

The jury by this time were ready for their supper and under care of the sheriff wobbled to the banquet hall. After a careful deliberation they reported an agreement. The judge ordered them brought into the courtroom.

"Have you agreed upon a verdict?" he asked.

The foreman William Robinson replied, "We have."

"What is it?" asked the judge.

"Guilty as to both parties,"

Oxford Grange, No. 48 will hold its regular meeting Saturday evening, May 1. There will be considerable work before the grange, balloting upon candidates and initiatory work in the first and second degrees. The literary program brought over from April 17 will be rendered during the evening.

Harry J. Newton of Brunswick supplied the pulpit of the Congregational church on Sunday last. There was no service at the Methodist church and several of the regular attendants of the latter church were in Mr. Newton's audience. Mr. Newton's talk was interesting and instructive. His subject, "Why I am a Christian," was well taken and his points of argument well made and forcibly brought out. Mr. Newton is earnest and his manner of delivering his words is made more earnest from the fact that he not only speaks with the word of mouth but his personality speaks in every gesture and movement.

On Friday evening April 23 the ladies of the Methodist society gave a supper in the vestry to the members and friends of the church and Sunday School. Large party was present who greatly enjoyed the occasion. After supper a program was given, singing by the choir, solo by Jennie LeBroke, and remarks by the Superintendent, Mr. Holden, Mr. Robinson and Mr. Delano. One of the interesting features of the occasion was the presentation of a friendship quilt by Mrs. Augustus Jones in behalf of the Ladies' circle to the pastor, Rev. Mr. Farnsworth who accepted the gift in a graceful manner and also gave an interesting talk on the subject of Opportunity. The Brotherhood of St. Paul was present and when called upon, Arthur Walker responded for the club presenting the pastor with an elegant shaving set. Although it was a surprise it was accepted with a few well chosen words.

May 3d, State vs. Augustus Jones, assault; found guilty and costs, \$10.25. Paid and State vs. Blanche Wallace, assault; Sentence suspended. Richardson, complainant, occurred at one of Mrs. L. Farnsworth's Saturday evening much excitement in the night. State vs. Albert G. Eames, D. Bean of Newry was the Judge Jones last Tuesday afternoon, while breaking road beat, wounded, mutilated and killed a horse, which afterwards died.

The State's witnesses were Aldrich, Lewis Eames, Wm. David Fleet, who live in New Plantation. After hearing money, Elroy C. Park, counsel respondents, asked that the case be dismissed for want of sufficient evidence to hold his clients. The judge's request.

The case evidently grew a representation or misrepresentation of the complainants. The case by Albert G. Eames of Newry, chairman of the board of the town, and was valued at \$200. Mr. Bean is road agent, and on March 10th the horse snow and it seemed from testimony some whipping was done but not to the extent by the complainants, and the in David Fleet's barn some words.

The story of the alleged crime. Eben N. Perry, Portland, State the Prevention of Cruelty to Animals, and he forwarded to Chase, F. Boucher of Norway, agent. When asked for a warrant Jones refused to grant it on the submitted to him and request Boucher to go and investigate. Allegations were correct he had a warrant. The investigation by the officer and the warrant resulting as stated above.
